

# SHRI WIZ 2019

THE SHRI RAM SCHOOL, VASANT VIHAR

## MAKING NEW BEGINNINGS...

Our flagship Tech Event, Shri Wiz made a come back this year on popular demand! It was held on 21st, 22nd and 26th of August 2019. To mark the new start, the theme of Shri Wiz 2019-20 was aptly kept as 'New Beginnings'!

Shri Wiz is a unique festival of learning for children below 12 years of age. It is a non-competitive event, which enables them to interact and share skills with peers from different schools in a collaborative format, thus competing with their own selves and experiencing the immense power of creativity. Each day of Shri Wiz was a buzz with excitement and 'creative-action'.

---

Four events ran simultaneously: Katha, Dhun, Chal Chitra and Samadhan. Each team worked on given projects for two days and presented their work on the third day. Each of the presentations were a treat to watch, whether it be the stories of 'Katha' by class III or the meaningful songs by 'Dhun' teams of class IV or the Scratch animations of 'Chal-Chitra' teams or the innovative products created by 'Samadhan' teams of class V!

The presentations were accompanied by introductions of team members, their experiences during Shri Wiz and truly interesting Behind the Scenes!!
